Visionary in Gartner Magic Quadrant¹
Prominent in Frost & Sullivan FrostRadar²

1) Gartner Quadrant for Meeting Solutions 2020, by Mike Fasciani, Tom Eagle, Adam Preset, Brian Dohert
2) Frost Radar™: Cloud Meetings and Team Collaboration Services Market, 2020

Unique technology drives our success in three core markets

Connected Spaces

including interoperability to Microsoft Teams and Google Meet

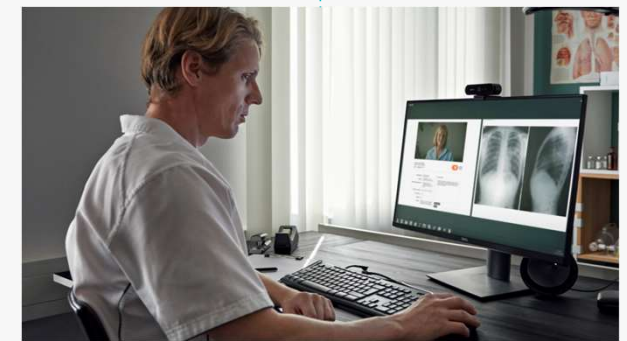

Secure Spaces

for secure environments

Video Innovation

for healthcare, judiciary, government, retail and finance

Pexip Health

Key long-term concerns among clinical leaders:

Data Security

Lack of interoperability

Lack of integration

“Some barriers—such as perceptions of technology security—remain to be addressed to sustain consumer and provider virtual health adoption”

“Early covid experiences with poor user journeys and limited (health) data flow has led to strong focus on seamless, integrated workflows”

“Uncertain regulatory and reimbursement environments still prevail”
